- 1000 vehicle NFTs which you can drive in the city and on the race track

In old Earth years it would be the year 2217, but ever since we discovered interdimensional travel, no one has even bothered tracking time anymore. Civilizations have mixed, cultures have been diluted, and the entire world order has been rewritten.

We are the citizens of CrypCade City, a metropolis that blends past and future and is inhabited by humans and androids and anything in between. We live, work and play in Sector 1.

We go through tasks and achievements in order to earn the unified currency of the known universe: iCade

Shadow Faction

The mysterious Shadows have never been completely documented. Their origins are unknown and their elusive nature and abilities are shrouded in mystery. They rank among the most respected (and feared) citizens of CrypCode City.

Android Faction

The androids have surpassed their role as servants for the humans. They are now a proud and cohesive faction, the pinnacle of sentient AI. Androids stand out with their imposing appearance and enhanced skills.

Metahuman Faction

Combining the creativity and resolve of humans and the enhanced physical attributes of robots, the metahumans represent a powerful clan in CrypCade City. Many earth-lings aspire to become metahumans and posses unrivaled skills and abilities.

Terran Faction

The original inhabitants of Earth represent one of the main factions in CrypCade City. Through sheer will and exercise they have acquired attributes that make them rival any of the other clans. The Terrans remain a bastion of pure human nature in a world of cybernetic and robotic enhancements.

Outworld Faction

These enigmatic visitors from the Andromeda Nebula now form a united community in the CrypCade universe. Each Outworlder impresses with their unique appearance and superior set of attributes.

PROPERTY

One of the goals of every CrypCade citizen is to acquire real estate in CrypCade City. There is a place for everyone, from small but functional apartments to large and luxurious penthouses.

Not only do these spaces guarantee privacy, but they are also a very sound financial investment, since they can have their value rise over time, as more and more citizens of the city wish to acquire this limited resource. Your property can also be rented to produce additional passive income.

LAND PLOTS

Purchasing land is one of the most popular choice when it comes to future-proof investments. Own your unique area of CrypCade City and use it to build and monetize.

SMALL AP

common apartment

It's not the flashiest piece of real estate out there, but it's yours! By owning this apartment you already have an edge over the other inhabitants of the metaverse.

When you get to call this penthouse "home" you know you've made it! This is the finest and most prestigious choice if you are looking to experience the absolute best of the social life and financial opportunities of the metaverse.

VEHICLES

Owning a vehicle in the metaverse is a rare opportunity. For now you can enjoy riding around Sector 1 but soon you will be able to take your car to the racing track and compete for iCade against other players. Road cars are available for now but the future will bring flying vehicles into CrypCade City as well!

NFT Distribution

CHARACTERS: 10000 NFTs

- Common: 6400 NFTs
- Epic: 640 NFTs
- Rare: 2880 NFTs
- Legendary: 64 NFTs
- Exclusive: 16 NFTs

PROPERTIES

- Tier 1 – 60sqm – 600 NFTs – Regular apartments with 1 room and kitchen and bathroom that provide you with a home within CrypCade City.
- Tier 2 – 90sqm – 280 NFTs – Medium sized apartments with a separate bedroom and a large lounge and living room area. An excellent property to own within the metaverse.
- Tier 3 – 120sqm – 120 NFTs – Huge penthouse with amazing luxury decor and furniture. This is the most exclusive property available in Sector 1. Buy it and invite your friends over – they will be impressed!

VEHICLES

- Tier 1 – Regular cars that do the job. Drive them around Sector 1 or even take them to the racetrack if you're feeling brave.
- Tier 2 – Performance vehicles that will impress you with fast acceleration and superior handling.
- Tier 3 – Supercars that are rare and very very fast! Statistically proven to generate more envy in the metaverse than anything else you own. Unbeatable on the race track.

Don't miss out and secure your CrypCade NFTs right now!
